

PRODUCT RECALL NOTICE

Erbauer ERO450 150mm Random Orbital Sander

Screwfix would like to make customers aware that, on certain production batches, the sanding plate on the Erbauer 150mm Orbital Sanders is manufactured from a material which may lead to the mounting bolts unscrewing. This means that the base plate may release at speed, which could cause a risk of flying parts and potential injury.

The product affected is:

Product Code	Product Description	Barcode	Model
285FX	Erbauer ERO450 150mm Random Orbital Sander	3663602796688	ERO450

This product was offered for sale between 07/01/2019 and 12/07/2019.

The issue only affects the batch codes listed below. You can find the batch code on the side of the tool or on the packaging, above the barcode.
